Mission & Vision

Our Mission

We work to bring Wallstreet standards for research, risk management and transparency to digital asset investing.

Our Vision

By bringing together our knowledge, skill and creativity across major asset classes, disciplines and regions globally we can unearth great investment opportunities for you.

A woman in a light blue blazer and a man in a dark shirt are standing in a modern office, looking at documents and tablets. The office has a high ceiling with exposed ductwork and large windows in the background.

Our Services

New crypto listings

In the coming quarter, we'll add more crypto assets to the platform by integrating with a partner. We'll share specifics on what assets these are as soon as possible!

Auto-investing

The auto-investing features allow you to set up a periodic investment of cryptos and fiat for a predetermined amount. Over time your purchase price will average out and you will be less susceptible to volatility.

Native iOS and Android app

The number one result from the product survey we conducted was that our users would like to use Spherex Evolve on an iOS or Android app, just like the other programs. Therefore, we are going to build a native iOS and Android app! This could also possibly mean an integration of Spherex Evolve within another native apps.

Cryptocurrency

Spherex Evolve, Cryptocurrencies operate on decentralized networks, reducing reliance on traditional financial institutions or governments.
